Earn an OSHA 10-hour General Industry Compliance Certificate and take home an official OSHA 1910 Code of Regulations Book!

When it comes to compliance with the Occupational Safety and Health Administration (OSHA), what you don't know can hurt you. Unless your organization stays up-to-the-minute on OSHA's rules changes, you risk substantial fines and penalties. NTCA's general industry compliance seminar will cover the 10 major OSHA topics necessary to qualify for the OSHA Compliance Certificate. The training will help you reduce accidents and injuries saving your telco significant dollars by minimizing accident-associated costs like workers' compensation claims. You will also learn how to establish safety programs that enhance awareness and create incentives that encourage sound practices among employees. Speakers will use practical examples of successful compliance programs based on years of field and claims experience.
